City of Gulfport: Self-Serve Sand Availability

With projected weather moving in over the next several days the City of Gulfport is currently in the process of moving sand to the Orange Grove Community Center on Dedeaux Road, 42nd Ave at the Fire station and the intersection of Hewes Avenue and Glover Street. We will have sand, bags, and shovels at these locations. Residents will fill their own bags, City of Gulfport staff will be on site from 12:00 to 5:00pm today (Friday), 8:00am to 5:00pm Saturday and 8:00am to 5:00pm Sunday to assist those that need assistance. Residents will need to bring their own shovels if they plan on getting sand outside the times mentioned in the previous sentence.

The City of Gulfport will continue to have our on call crews monitor the sand and bags after the designated times to determine any additional materials. Thank you and stay safe!
