

Slip rents and power rates in the harbor are based on the physically measured length of the vessel from the furthest point forward to the furthest point aft **INCLUDING** bow sprits, anchor pulpits, anchor gear, swim platforms, dingys, and/or dingy davits.

The harbor uses **ONLY** the above definition of LOA. It is important to note that the harbor's definition of LOA may – and often does – differ from the LOA identified on USCG documentation, vessel registrations, bills of sale, insurance documents, or broker running letters.

All fees listed below are due and payable monthly, in advance. Harbor tenants who pay annually, in advance, will receive a 5% discount on their slip rent. All fees are plus 7% Mississippi sales tax.

Dockage contracts run month to month on an auto-repeating basis until terminated by the tenant. Contract terminations require a 15 day written notice to avoid additional fees.

LOA	SLIP	POWER	ENV FEE	TOTAL

**NOTES:**

- Maximum vessel size is 140'.
- Vessels utilizing a designated 100A power outlet will be charged \$10 per drop, per day.
- Except upon approval in slips along the wall, no vessel or part thereof may extend beyond its slip into the fairway.
- Except along the wall, all slips are "pre-designated" for the maximum vessel size they may accept. **NO EXCEPTIONS.**
- Tenants who "CHOOSE" to occupy a slip larger than designated for their vessel will be charged for the designated size of that slip.
- All tenants must provide proof of valid insurance, valid documentation, or valid MS registration for vessels docked in the harbor.
