IMPORTANT NOTICE

1. Please be advised that failure to submit a complete application, with all supporting documents, could **delay your hearing date**. The Planning Commission will not consider a request until all information is submitted and accurate.
2. Please be advised that the application deadline dates posted are designed to allow the staff time to review the application and receive required comments from coordinating agencies. The application is not considered complete until all required information from the applicant is available for review by the staff and coordinating agencies.
3. Please see Page 6 of this application to determine the deadline dates for filing your application.

SUBMISSION REQUIREMENTS

- A. **Page one of this application, completed and signed.**
- B. **Proof of ownership** (Copy of deed or affidavit)
- C. If applicable, notarized proof of **authority to act as agent** for owner (board resolution, etc.)
- D. The City of Gulfport Planning Division Staff will notify, by letter, property owners adjacent to the requested action identified in this application using the Land Roll database from the County Tax Office. If you would like to have additional persons or property owners notified, please provide a list of **additional persons to be notified**.
- E. **Specification requirements.**

The general plan will be submitted in six black line copies in a sheet size no larger than **18 by 24 inches** and one copy no larger than **11 by 17 inches**. Where necessary, the plan may be on several sheets accompanied by an index sheet showing the entire subdivision. Two electronic versions of the general plan shall also be provided with the application in the form of an AutoCad .DWG file or .DXF 16-bit file.

The general plan shall contain the following information:

- ***Location map.*** A diagram showing the location of the proposed subdivision.

- ***Survey data.*** The boundary line of the subdivision with length and bearing of lines; section and corporation lines; contours at intervals of one (1) foot, based on a datum plan approved by the city engineer; where contours will not provide adequate information for drainage determinations, spot elevations in sufficient number to show drainage conditions shall be given.
- ***Miscellaneous data.*** Present tract designation according to the records of the county chancery clerk; the title or name under which the proposed subdivision is to be recorded, with name and address of the owner and the subdivider; notations giving scale, (true) north arrow, datum, benchmarks, date, (sic) engineer or land surveyor.
- ***Streets.*** The name, right-of-way width and location of streets and other public ways on and adjacent to the tract; the type, width and elevation of surfacing; any legally established centerline of elevations; walks, curbs, gutters, culverts and similar features; the name, right-of-way width and location of proposed streets, with their approximate grades and gradients, and similar data for alleys, if any.
- ***Lots and blocks.*** Lot lines, lot numbers and block letters, tabulation stating gross and net acreage of the subdivision, acreage of existing and proposed public areas within the tract, number of residential lots, typical lot size and lineal feet of proposed streets.

For Townhomes:

Minimum lot area shall be:

- First two (2) dwelling units - 3,800 sq. ft
- Each additional dwelling unit - 1,200 sq. ft.

Minimum lot width:

Fourteen (14) feet

Corner lots shall be determined based on the minimum requirement as set forth in Sec IV (D) (3) and (6) as set forth below:

(3) ***Corner building site:*** In any district, a corner building site having to its rear a building site facing toward the intersection or side street shall have provide on the intersecting or side street side of the corner building site a side yard having a width equal at least to the depth of the front yard required for a structure on the building site to the rear of the corner building site; provided, however, that this regulation shall not be applied to reduce the buildable width of the corner building site to less than thirty (30) feet.

(6) *Major street right-of-way:* Front yard depth, and in the case of a corner building site side yard width shall be measured from the future street right-of-way of a major street established on the Plan for Circulation (Major Street Plan), a part of the Master Plan for the City of Gulfport.

- **Nonresidential sites.** Sites to be reserved or dedicated for parks, recreation areas, schools or other public uses; sites, if any for multi-family dwellings, shopping centers, churches, industry or other non-public uses exclusive of single-family dwellings.
- **Utilities.** The location, size and invert elevation of sanitary and storm sewers; the location and size of water mains; the location of gas lines, fire hydrants, approximate locations of utility poles and streetlights; if water mains are not on or adjacent to the tract, the direction and distance to, and the size of, the nearest ones, showing invert elevation of sewers; the location of proposed utilities, if not shown elsewhere.
- **Easements.** The location, width and purpose of existing and proposed easements.
- **Building setback lines for townhomes.** Minimum building setback lines.

Minimum front yard setback:

The same as required for each zoning district except where the development contains units located on both sides of a street constructed by developer to the city's specifications. In this case, the minimum front yard setback shall be ten (10) feet.

Minimum side yard setback: None for townhouses except that on corner lots the minimum side yard on the corner side shall be as described in corner building site above -Sec IV (D) (3) & (6). Also, the minimum side yard required for the townhouse unit located at the end of a row of townhouses shall be eight (8) feet from the exterior lot line.

Minimum rear yard setback: See Section III. Yards required for townhouses. Shall comply with district regulations.

- **Maximum height.** The maximum height measured from the foundation to the lower floor of the uppermost habitable level shall not exceed twenty (20) feet in R-1, R-2 and R-O districts. In all other zoning districts the maximum height is established in Section III, District Regulations.
- **Maximum lot coverage.** A townhouse dwelling including accessory structures shall not occupy more than seventy-five (75) percent of the lot area.
- **Townhouses** shall be constructed up to side lot lines without side yards and no windows, doors or other

openings shall face a side lot line except that the outside wall of end units may contain such openings.

- **Adjoining land.** The approximate direction and gradient of the ground slope, including any levees or embankments; the character and location of buildings, railroads, power lines, towers and other nearby residential land uses or adverse influences; and names of recorded subdivision plats of adjoining platted land by record name, date and number and the names of Record owners of adjoining unsubdivided land.
- **Other existing conditions.** The locations of watercourses, marshes, wooded areas, insolated preservable trees one (1) foot or more in diameter, buildings or structures and other significant features on the tract.
- **Proposed public improvements.** Highway or other major public improvements planned by public authorities for future construction on or near the tract.
- **Flood zone designations.** The location of all flood zone designations as shown on the latest Flood Insurance Rate Map.
