

Whitney Drive Drainage

Ward(s): 5
Project Manager: Gulfport Department of Engineering - Phone (228) 868-5815
Engineer: Jason Gibson (228) 868-5740

Total Approved Budget

Source	Amount
Gulfport- 2014 Bond Issue	\$ 100,000.00
Total	\$ 100,000.00

Project Scope:

This scope of work to be performed is to replace a collapsing and undersized existing drainage system with a new drainage system that will increase the drainage flow in the area. The engineering design has been completed, and the project is construction ready. The construction is slated to begin in the near future. The construction will be completed by the City of Gulfport's Unit Price Contractor GT Development.
